You are warmly invited to join leaders from across the South of the Diocese for an important day focused on the continued development of your academy model .

As the education system moves increasingly towards a trust-led structure, this day offers a valuable opportunity to reflect together on how we can strengthen collaboration, protect our Catholic identity, and secure the future of Catholic education.

You will hear from Bishop Philip and speakers from Catholic Trusts across the country who will share their experience and insights, helping us explore how, together, we can grow our shared mission and shape a strong and sustainable future for our schools within a Catholic Academy Trust.
